BEHAVIOUR MANAGEMENT POLICY

Woodside Childrens Nursery aims to encourage self-discipline in the children, developing their consideration to others, their surroundings and property by praising and acknowledging positive actions and attitudes. We aim to ensure the individual needs of all children are met by providing clear, consistent and developmentally appropriate expectations for behaviour.

We acknowledge that there are times when issues surrounding behaviour will need to be supported by adult intervention and we will use our "Behaviour Management Policy & Procedure" to guide us through this process.

Corporal punishment will not be given to a child for whom we provide early years provision. We will not use or threaten corporal punishment or any form of punishment which could have an adverse impact on the child's wellbeing. Staff who have to use physical intervention for the purposes of averting immediate danger of personal injury to anyone (including a child) or to manage a child's behaviour if absolutely necessary will not be taken to have used corporal punishment (and therefore will not have committed an offence).

Woodside Childrens Nursery intends to:-

- Encourage co-operative and caring behaviour at all times
- Support children to develop a sense of respect for one another
- Develop children's social skills and support children to acknowledge what is acceptable behaviour
- Develop children's self esteem, self discipline and confidence
- Acknowledge considerate behaviour
- Practice positive reinforcement
- Support children to resolve conflict
- Support children to recognise and understand emotions
- Support children to understand and acknowledge inappropriate behaviour
- Never use raised voices, physical restraint or humiliation to manage behaviour
- Use developmentally appropriate strategies for managing behaviour
- Record incidents of inappropriate behaviour and liaise with parents where necessary

As part of our induction procedure, all staff are made aware of the procedure to manage behaviour according to clear, positive and consistent guidelines. Staff will make every effort to act as 'good role models' to children by behaving in a friendly and considerate manner themselves, naturally creating an atmosphere of respect and value for one another.

All staff will be made aware that it is totally unacceptable to physically, verbally or emotionally harass any child. Where such incident occurs the disciplinary procedure will be implemented.

Staff will work effectively together as a team and show a fair and consistent approach to incidents. They will discuss any concerns with parent/carers in an attempt to understand and identify possible causes of negative behaviour. Positive behaviour will be praised and each child starts every day with a 'clean slate'. All attempts will be made to focus directly on positive features of a child's behaviour.

Woodside Childrens Nursery have a highly qualified appropriate member of staff with overall responsibility for behaviour management within this setting - the Company Director, Katie Wood.

BITING POLICY

We recognise that small children, for a variety of reasons, and from time to time, attempt to bite other children. Children bite other children for many different reasons. A child might be teething or overly tired and frustrated. He or she might be experimenting or trying to get the attention of the staff or his peers. Toddlers have limited verbal skills and are sometimes impulsive without a measured degree of self-control. Sometimes biting occurs for no apparent reason.

Due to the speed and randomness with which biting incidents occur, it is not always possible to prevent these from happening. While the motivation or attempt to bite is not seen as particularly worrying within a child's development, their success in doing so brings health concerns.

The Nursery recognises that a human bite that breaks the skin brings risks of possible infection including Tetanus and Hepatitis to the victims. Therefore parents are requested to make sure their child's tetanus, and other immunisations, are up to date.

Biting is part of a normal developmental stage for young children who are teething and are still developing their language skills. It is usually a temporary condition.

Biting is not "abnormal" since one in ten toddlers bite. However, because of the danger this behaviour represents to other children, repeated biting in a group childcare setting cannot be tolerated and requires positive intervention on the part of both the nursery staff and parents.

The Nursery will encourage the children to use alternative methods to biting if they become angry or frustrated. The staff members will maintain a close and constant supervision of the children at all times.

Unfortunately identification of a child usually means they have already bitten at least once. Children usually stop this action quickly although it can take a little more time with others.

The safety of the children at the Nursery is our primary concern. This biting policy addresses the actions the staff will take if they are aware that a biting incident is or has occurred.

Under no circumstances will we use, or agree to use, physical punishment or the threat of physical punishment on the child who bites.

The following steps will be taken if a biting incident is witnessed at the Nursery:

- The two children will be separated.
- The bitten child will be comforted immediately.
- Staff will remove the biter from the situation. The biter will be dealt with age appropriately which may involve either a time out or distraction.
- The wound of the bitten child will be assessed and appropriate first aid action will be taken. If it is determined that there was a blood exposure further steps may need to be taken as determined by the Manager.
- The parents of both children will be notified of the biting incident. An incident and accident form will be filled out. If a bite requires medical treatment, a copy of the incident report may be given to the parent of the bitten child to pass on to their GP if requested.
- Confidentiality of all children involved will be maintained.
- The bitten area should continue to be observed by parents and staff for signs of infection.

We must reserve the right to ultimately exclude a child if we feel this is the best course of action for all concerned. This exclusion may be a temporary one whilst a procedure is developed to assist the staff in future controlling of situations where

biting cannot be dissuaded. However in more serious cases, or where additional measures have been unsuccessful, the Nursery may regretfully make the exclusion a permanent one for the safety of staff and other children. This decision will only be taken in consultation with the Proprietor.

BRITISH VALUES POLICY

Woodside Childrens Nursery recognises its role to promote British Values both within the setting and through the local community. British Values have been segregated into four areas, as listed below along with some examples of how Woodside Childrens Nursery works to promote these values:

Democracy:

- Children are involved in decision making including meal choices, topics of learning and rules of play
- Play games that involve turn taking.

The rule of the law:

- Help children to understand their own behaviour and distinguish between right and wrong
- Learn about people who help us, e.g. police, fire-fighters
- Consider our environment, e.g. signage limiting number of children on computers
- We encourage children to adopt table manners.

Individual liberty:

- Talk about our feelings and respect other people's feelings
- Children are given opportunities to self-develop including risk taking activities
- Show and tell activities
- Making friends.

Mutual respect and tolerance of different faiths and beliefs:

- Maintain contact through trips out with our local community to understand our local environment
- Learn about different cultures of children
- Ensure that children know they have a right to say 'no' and to be respected for that choice
- We celebrate many different days from the world around us
- We promote inclusion through the use of diverse materials.

CCTV

24 Hour recorded CCTV is in operation inside and outside the premises of Woodside Childrens Nurseries. Footage will not be shared with any third party unless requested by the Police. Viewing is only permitted on the premises of the Nursery accompanied with Management Staff Members. It is not permitted for 'General public use'.

CODE OF CONDUCT POLICY

Children usually feel more confident and positive about themselves and their learning when parents/carers and practitioners work together in an atmosphere of mutual respect.

Woodside Childrens Nursery recognises that to make children feel valued and to enhance the learning and development of those who attend our setting, a positive and effective partnership with parent/carers is essential and will be encouraged at all times.

Successful relationships become partnerships when there is two way communication and parents and practitioners really listen to each other and value each other's views and support in achieving the best outcomes for each child.

As a consequence Woodside Childrens Nursery will strive to provide a safe, welcoming and happy environment for the children and families that access our service. We firmly believe that by working together parents/carers and educators can provide long lasting and beneficial effects on the children's learning and emotional well being. This policy is to be used as a guide for all parent/carers, volunteers, staff, extended family, visitors and professionals who access our setting We have a legal responsibility to provide a comfortable, safe and happy environment for all of the children and staff, in which the rights of the child are considered at all times.

Woodside Childrens Nursery place great value on:-

- The physical and emotional well being of the children: Meeting the individual needs of all children lies at the heart of the EYFS. We will, in close partnership with Parent/Carers, strive to deliver personalised learning, development and care to help children get the best possible start in life
- Providing an open, welcoming environment where everyone's contribution is not only valued and respected but positively encouraged
- Promoting positive attitudes to diversity and difference within all children, helping them to learn and to value different aspects of their own and other people's lives
- Encouraging Parent/Carers to support and participate in the day to day activities that we provide for the children.

To ensure the smooth running of the setting due regard should be given to the following procedures.

- **Health and Safety-** Our policies and procedures are always accessible in the setting and copies are available on request. New parents will receive a copy of key policies and procedures upon enrolment of their child(ren). Compliance with all policies and procedures is essential. We encourage a culture of polite consideration toward others using acceptable verbal and non-verbal language. At no time will aggressive or offensive language be acceptable from any one whatever the circumstance may be
- **Discipline** issues with the children are the responsibility of the staff and as such any concerns about behaviour should be referred to them directly. Children's behaviour should only be discussed within the confines and privacy of the office. At no time will staff members be permitted to raise their voice whilst disciplining a child
- **Respect:-** We are an inclusive setting and we celebrate diversity. Everyone is valued and respected and we aim to promote positive attitudes to diversity and difference within all people
- **Safety:-** All gates and doors to be closed behind yourself when entering or leaving the premises and not allowing access to other users you are not familiar with
- **Child's Welfare:-** We try and allocate approx. 5 minutes for feedback on a child and request that conversations are kept to a sensible timescale – if further time is required, appointments can be made accordingly
- **Child's Safety:-** Whilst the parent/carer of a child is on the premises of Woodside Childrens Nursery, it is your responsibility for the safety of this child unless 'handed over' to a staff member as you acknowledge you are leaving the premises
- **Confidentiality:-** Is paramount and everyone is expected to comply with the settings confidentiality policy. Please respect the confidential nature of information gained or behaviour observed in relation to other children and adults. Staff members will not accept facebook friend requests nor comment on posts regarding children who attend the setting. Parents may approach Ofsted directly at any stage of this complaints procedure. In addition, where it is deemed that there is a breach of the setting's registration requirements, it is essential to involve Ofsted, as the registering and inspection body, who has a duty to ensure the EYFS requirements are met.

If a child appears to be at risk the setting will follow the procedure of the Local Safeguarding Children's Board. In these cases the setting proprietor/manager will work with Ofsted and/or the Local Safeguarding Children's Board to ensure investigation of the complaint, followed by appropriate action.

All complaints against our setting, and or the children and/or the adults working in our setting will be recorded in detail in the complaints log which will be made available to parents and Ofsted inspectors.

The proprietor and manager are responsible for managing complaints.

Handling of unreasonably Persistent, Harassing or Abusive Complainants

Woodside Childrens Nursery is fully committed to the improvement of our Nursery. We welcome feedback from parents/carers and will always try to resolve concerns as quickly as possible. The Complaints procedure above should be followed if parents/cares wish to make a formal complaint. Sometimes, however, parents or carers pursuing complaints or other issues, treat staff and others in a way that is unacceptable. Whilst we recognise that some complaints may relate to serious and distressing incidents, we will not accept threatening or harassing behaviour towards any member of the Nursery's community. The aim of this section of the Complaints Policy is to provide information about how we will deal with unreasonably persistent complainants or harassment of staff.

What do we mean by 'an unreasonably persistent complainant'?

An unreasonably persistent complainant may be anyone who engages in unreasonable behaviour when making a complaint. This will include persons who pursue complaints in an unreasonable manner. Unreasonable behaviour may include:

- Actions which are
 - Out of proportion to the nature of the complaint, or
 - Persistent, even when the complaints procedure has been exhausted, or
 - Personally harassing, or
 - Unjustifiably repetitious.
- An insistence on
 - Pursuing unjustified complaints and/or
 - Unrealistic outcomes to justified complaints
 - Pursuing justified complaints in an unreasonable manner (e.g. using abusive or threatening language), or
 - Making complaints in public or via social media sites such as facebook, or
 - Refusing to attend appointments to discuss the complaint.

What is 'harassment'?

We regard harassment as the unreasonable pursuit of issues or complaints, particularly if the matter appears to be pursued in a way intended to cause personal distress rather than to seek a resolution. Behaviour may fall within the scope of this if:

- It appears to be deliberately targeted at one or more members of staff or others, without good cause;
- The way in which a complaint or other issue is pursued (as opposed to the complaint itself) causes undue distress to staff or others;
- It has a significant and disproportionate adverse effect on the Nursery's community.

What does the Nursery expect of any person wishing to raise a concern?

Woodside Childrens Nursery expects anyone who wishes to raise concerns with the Nursery to:

- Treat all members of the Nursery's community with courtesy and respect;
- Respect the needs of children and staff within the Nursery;
- Avoid the use of violence, or threats of violence, towards people or property;
- Recognise the time constraints under which members of staff work and allow the nursery as reasonable time to respond to a complaint;
- Follow the Nursery's complaints procedure.

Nursery's responses to unreasonably persistent complaints or harassment.

This is intended to be used in conjunction with the complaints procedure. Taken together, these documents set out how we will always seek to work with parents, carers and others with a legitimate complaint to resolve a difficulty. However, in cases of unreasonably persistent complaints or harassment, the Nursery may take some or all of the following steps, as appropriate:

- Inform the complainant informally that his/her behaviour is now considered by the Nursery to be unreasonable or unacceptable, and request a changed approach;
- Inform the complainant in writing that the Nursery considers his/her behaviour to fall under the terms of the Unreasonable Persistent, Harassing or Abusive Policy;
- Require all future meetings with a member of staff to be conducted with a second person present. In the interests of all parties, notes of these meetings may be taken;
- Inform the complainant that, except in emergencies, the Nursery will only respond through an external agency, such as Birth to Five.

Physical or verbal aggression

Woodside Childrens Nursery will not tolerate any form of physical or verbal aggression against members of the Nursery. If there is evidence of any such aggression the Nursery may:

- Ban the individual from entering the Nursery site, with immediate effect;
- Request an Anti-Social Behaviour Order (ASBO);
- Prosecute under Anti-Harassment legislation;
- Call the police to remove the individual from the premises.

Legitimate new complaints will always be considered, even if the person making them is (or has been) subject to the Unreasonable Persistent Complaints/Harassment Policy. The Nursery nevertheless reserves the right not to respond to communications from individuals subject to the policy.

DAILY ROUTINES POLICY

Each Room adheres to their own routines for snack times, nap times, "standard" nappy changes, etc. If a child has a medical condition which requires specialist care over and above standard routines, e.g. set snack times; the Nursery will be happy to work with the relevant parent/carer and professionals to support wherever possible. However non-medical requests for additional care /requirements over and above standard routines will not be possible for children aged 1 and above due to the impact this has on staff:child ratios and the impact on the care of the other children in the Nursery.

Differing routines, e.g. snack times, naps, etc. for children aged 1 year and under, will be accommodated in conjunction with parents/carers request, due to the increased needs of this age range.

Breakfast is served between 7 am and 7.30 am; serving breakfast after this time cannot be accommodated due to the effect this has on the rest of the daily routine. If a child is due to attend Nursery after 7.30 am, it is the responsibility of the parent/carer to provide a healthy breakfast prior to attending Nursery.

The Nursery aims to promote a healthy eating lifestyle. We ask that parents/carers do not send food to Nursery with children over the age of 1, unless there is a specific medical requirement. If there is a specific need we ask that food adheres to our healthy eating policy.

DATA PROTECTION POLICY

Woodside Childrens Nursery is required to keep and maintain certain records to comply with registration requirements under the 1989 Children Act.

We are registered with the Data Protection Agency 'ICO' under the Data Protection Act 2018 and comply with its principles, which state that personal data must be:

- adequate, relevant and not excessive in relation to the purpose for which they are held

In accordance with GDPR guidelines a separate Privacy Notice is given to all parents/carers when starting at the Nursery, we ask parents/carers to sign the Privacy Notice.

DUMMY/SOOTHER/PACIFIER POLICY

According to the NHS (February 2019¹), dummy/finger/thumb sucking is different to the suck babies use to suck a milk feed. It is called non-nutritive sucking. The NHS also state that dummies may affect speech development, their advice is to avoid using them after a child reaches 12 months old.

The NHS also states that:

A dummy (or sucking a thumb) will not harm a child's teeth but it will encourage an open bite, which is when teeth move to make space for the dummy or thumb².

Children should be discouraged from talking or making sounds with their thumb or a dummy in their mouth³.

We recognise that a dummy can be a source of comfort for a distressed child, equally we recognise our part in a child's development. Our policy for dummies and comforters is detailed below.

For children in our 'downstairs room'

Dummies/Pacifiers/Soothers/Comforters will be allowed for nap time only.

If a child is unduly distressed and all other distraction/comforting methods have been unsuccessful, the child will be offered their Dummy/Comforter for a short time period, this will be taken away once settled.

With the exception of the above, staff will not verbally ask a child if they want their dummy/comforter.

Dummies/Comforters will be stored out of sight of the children.

For children in our 'upstairs room'

Dummies/Pacifiers/Soothers/Comforters will not be allowed during the day. Children will be encouraged to either leave their dummy/comforter with the adult who brings them to nursery to take away with them for safe keeping or to place the item in a designated box which is then stored out of the children's reach.

For children, transitioning from downstairs to upstairs, once they have fully transitioned they will follow the same process as for 'upstairs' children.

MANUAL HANDLING POLICY

Woodside Childrens Nursery will work towards a safe handling policy and as part of this process will ensure a current policy of minimal lifting and make arrangements to facilitate the information of the policy. E.g.: provision of appropriate and suitable training by professionally competent persons, for those who have duties under the policy and accepts responsibility for compliance with the regulations.

The staff member with responsibility for the implementation of the manual handling policy is Katie Wood

The main objective is to reduce the risk of injury and disablement caused by manual handling in the workplace to the minimum.

Woodside Childrens Nursery has a duty of care to ensure that;

- Minimum requirements for the manual handling of loads are followed where there is a particular but not exclusive risk of back injury to workers
- The need for manual handling is avoided or, when it cannot be avoided, an assessment is made of the operation and where there is a risk of injury, appropriate steps taken to reduce or avoid that risk
- Assessment of manual handling operations take into account factors which include characteristics of the load, the physical effort required, characteristics of the working environment and the requirements of the task
- Information and training is provided to workers and managers on assessment and manual handling principles

The responsibilities of Woodside Childrens Nursery are that the designated person must;

- Be aware of manual handling operations within the organisation
- Avoid the need for employees to undertake any manual handling operations, which involve a risk of injury, so far as is reasonably practicable
- Make an assessment of any hazardous manual handling operations that cannot be avoided in order to reduce the risk of injury.

- Ensure that manual handling requirements are clearly identified when recruiting staff so that appropriate medical advice can be taken as part of pre-employment health screening
- Ensure that safe systems of transportation are utilised for the transportation of loads and equipment throughout the organisation
- Make allowance for any known health problems which might have a bearing on an existing employee's ability to carry out manual handling operations safely

MEDICATION POLICY

We recognise that there may be times when children require medication to be administered during their time in the setting. Woodside Childrens Nursery staff will administer medication in line with this policy. In order that this is regulated we will ensure that:

- Woodside Childrens Nursery will only administer medication that has been prescribed for that individual child.
(With regard to non prescribed medication, according to statutory guidance non –prescription medication e.g. pain and fever relief, teething gel may be administered only with prior written consent of the parent and only when there is a health reason to do so)
- Staff will ensure that a new medication form is completed by parent/carer for each session that the medication is expected to be administered

On the medication form parents will give signed permission for administration of medication *including*

- ***The name of the child***
- ***The name of the parent***
- ***Date***
- ***Name of medication***
- ***The dose and time that medication was last given***
- ***The dose and times to be administered***
- ***How the medication is to be administered***

- The medication is clearly marked with the child's name and is in date, in the original container with prescriber instructions for administration
- No medication will be given to the child unless provided by the parents

- The medication is stored in accordance with the products instructions and out of reach of children at all times
- The administration of all prescribed medication regardless of its form, e.g. gel, cream, oral medication, etc. is recorded in the medications book and includes the signature (the administrator of the medication) and counter-signature (witness to medication being given), date, time, dosage. Parents must sign this before they leave the premises, to acknowledge they know the medication has been administered

Administration of Specialist Medication

We recognise that there may be times when children require specialist medication to be administered for long term medical needs during their time in the setting.

In order that this is regulated we will ensure that: Specific permission, instruction and training will be obtained before an agreement is reached with a parent to administer specialist medications (e.g. nebuliser), and life saving / emergency medications (such as adrenaline injections) and a health plan is established. This will include:

- A letter from the child's G.P./Consultant stating that the child is fit enough to attend the provision and sufficient information about the child's condition
- We will discuss with parents the medication that their child needs to take and support required, instructions on how and when the drug/medicine is to be administered and what training is required
- Training on the administration of the prescription medication that requires technical/medical knowledge will be arranged for staff from a qualified health professional to ensure medication is administered safely
- Written proof of training, if required, in the administration of the medication by the child's G.P., a district nurse, specialist or community paediatric nurse
- A health plan will be developed in partnership with parents and any health professional and will be regularly reviewed to detail the needs and support or any changes
- Prior written consent from the parent/guardian will be obtained via the Enrolment Contract/Entry Records to allow staff to administer any medication
- The medication consent form filled in appropriately, and signed by parents/carers on the day the medicine is expected to be given before they leave the child in the care of the setting
- On the medication form parents will give signed permission for administration of medication including the name of the child, the name of the parent, date, name of medication, the dose and time medication last given, the dose and times to be administered and how the medication is to be administered
- The medication is clearly marked with the child's name and is in date, in the original container with prescriber instructions for administration
- No medication will be given to the child unless provided by the parents
- The medication is stored in accordance with the product instructions and out of reach of children at all times
- The administration of medication is recorded on the 'medication record sheets' and includes the signature (the administrator of the medication) and counter-signature (witness to medication being given), date, time, dosage. Parents must sign this before they leave the premises, to acknowledge they know the medication has been administered
- It is the parent/carers responsibility to collect any medicines at the end of the day.

Antihistamines: Woodside Childrens Nursery will ensure an antihistamine medicine is available on the premises for urgent cases requiring such medication; emergency services will be called if required. Regular use of antihistamine medicines for children with hayfever and/or similar allergies requires daily doses which should be provided by parents at home prior to coming to the Nursery, this therefore alleviates the need for parents/carers to bring such medication into the Nursery.

MISSING CHILD POLICY & PROCEDURE

Woodside Childrens Nursery takes the safety of children very seriously and will implement every precaution necessary to ensure that all children in their care do not leave a session unaccompanied. The chances of finding a missing child safe are greatest if the child's absence is soon discovered. Staff will undertake periodic head counts using the key person system in addition to the registration procedure. If in the event of a member of staff not being able to account for a child's whereabouts the following action will be taken:

PROCEDURE FOR IF A CHILD LEAVES THE SETTING UNACCOMPANIED

Search Systematically

The setting is responsible for the missing child and all the other children in the setting. We will;

- Gather the remaining children into one large group, with one/two adults, leaving the remaining adults to search
- Ask the children, without alarming them, if they have seen the child that is missing
- Ensure all adults are aware of the situation
- Establish who last saw the missing child, where and when
- Check all rooms in the building
- Check CCTV surveillance coverage throughout the building both inside and out
- Check the immediate outside area
- Seek the cooperation of other users in the building

Parents

The setting will:

- Call the child's parents to warn them that the child may be attempting to get home
- If they are unavailable the setting will use the emergency contact number
- Ensure that, if the child lives within walking distance of the setting, one adult will make the journey on foot in order to catch up with or intercept the child if possible
- Remember that as soon as parents are informed, they will need advice and support

Police

If the above steps do not locate the child, the police will be called

Informing other People

We will ensure that;

- We make regular checks to ensure that if an incident of this sort does happen, we have all the necessary phone numbers at hand – correct, up to date and kept together
- If the police are called the Lincolnshire Safeguarding Children's Board and Ofsted are informed
- If the Proprietor/Manager is not on the premises she will be informed as soon as possible
- We will provide the following information to Ofsted/Lincolnshire Safeguarding Children's Board:

 - b) What systems are in place for preventing such occurrences?
 - c) What we did, at what time and in what order
 - d) Who we informed and when

We will cooperate fully in any investigation

Recording

We will start to build a record as soon as is possible in the incident log, this will include;

- The last definite sighting of the child
- Any unusual behaviour of the missing child or other children
- How many children were on the premises?
- How many adults were on the premises and who?
- What steps have been taken and when, by whom

Dealing with People's Reactions

We accept that parents will be frightened, distressed and angry, the setting hopes that by sharing its policies with parents/carers this will gain a mutual understanding of the framework within which we work and hopefully will aid the processes. Naturally, we accept that in such circumstances powerful emotions are involved. We will be clear about the circumstances surrounding the incident and will respond to questions without implications or admission of responsibility.

Dealing with the Media

Distressed parents may contact the local press, or reporters may hear about the incident if the police are involved. All adults will be asked to refer all enquiries to the agreed spokesperson.

The spokesperson for the setting is Katie Wood the Proprietor

Informing other Parents

We recognise that other parents will need to be given brief, accurate information as rapidly as possible. We will ensure that this happens by:

- Calling a short meeting when parents/carers collect children, or
- Talking to parents/carers when they arrive at the next session, or
- Sending a note home with each child

When the Child is Found

We recognise that during the time a child is missing, however briefly, all involved, parents and others; suffer great fear, guilt and distress. It is not always easy to control all these emotions when the child is found. We will accept that it is important to remember;

- That the child also might have been afraid and distressed and might now be in need of comfort
- Remain calm and reassure the child
- Ensure the child is not hurt
- Acknowledge that it may not have been the child's fault
- That the incident provides a good opportunity to talk to all the children to ensure that they understand that they must not leave the premises, and why

After the Incident

- We will review our current procedure
- We will evaluate processes and make necessary adjustments to ensure future effectiveness

OUTDOOR PLAY POLICY

Woodside Nursery aims to promote outdoor provision as a vital part of following the EYFS and enabling us to provide your child with positive experiences. We believe that outdoor learning is crucial to children's development for the following reasons: -

- Outdoor play is vital for the healthy growth and development of children.
- Movement is a vital component of play and other forms of learning and requires space.
- Children are losing the places in society where they can play freely.
- Being outdoors has a positive impact on children's sense of well-being and helps all aspects of children's development.
- Being outdoors can offer opportunities for doing things in different ways and on different scales than when indoors.
- It gives children first-hand contact with weather, seasons and the natural world.

Our outdoor areas are separated into age appropriate sections. Children play at their own level on the play equipment, closely watched by the staff who will give assistance if a child gets into difficulty. Children will have access to outdoor play every day and in all weathers.

All children attending Nursery should be well enough to play outside, if a child is not well enough to play outside, they will be considered too ill to attend Nursery and will be sent home in line with our Exclusion Procedure for illness. Equally if a parent/carer brings a child into Nursery and requests they do not play outside outside Woodside Childrens Nursery will request the parent/carer takes the child home.

Safety

Safety will always be of prime consideration and the following measures will be taken to minimise the risks of playing outside -

- A member of staff will always inspect the area before taking the children outside.
- After the area has been inspected and is safe the children will be escorted outside. Outdoor registers are used to ensure all children are accounted for on leaving and re-entering the building.
- Children are supervised at all times, within the relevant ratios. An outside toilet is available for the children to use and a member of staff will accompany them.

Appropriate Clothing

Parents are expected to support our Outdoor Play Policy by either providing duplicate 'Outdoor Clothes & Footwear' which enables their child to 'Get Messy' or arrive in items which are acceptable to play outside in. Please ensure all items of clothing and footwear are named. The Nursery will not take responsibility for any items of clothing which are made dirty or damaged as part of outdoor play.

If a child does not have any appropriate weather related outdoor clothing including rain coats, protective wear, parents/carers will be telephoned and asked to bring the relevant item in for their child.

Staff will be expected to set a good example by treating one another and the children with respect.

PROFESSIONAL LOVE

All Staff and specific Key Workers to children can support 'Healthy Brain Development' by building secure attachments with children of all ages in line with providing a safe and stimulating environment here at Woodside. This can come in the form of a hug, loving words, an appropriate kiss and/or comfort of sitting close to or on knees of staff. We respect that in any way we are not 'replacing' or 'overriding' any maternal connection that comes between parents/carers and reassure any concerns that this is not 'over done' but taken in appropriate proportion to the requirements of each individual situation.

Key workers are chosen with a Child's best interests taken into consideration and choosing a 'favourite' staff member via a parent/carer is not necessarily the correct solution. We accommodate needs where possible and children can be very different when in a nursery environment to home life.

QUALITY POLICY

We will endeavour at all times to develop, demonstrate and sustain quality in all areas of the Nursery. This is a positive and visual way of ensuring that both parents and children are offered top quality childcare.

Quality at the Nursery means:

- A Warm and Friendly, Supportive Environment
- A Child Centered Service
- Working in Partnership with Parents
- Positive Play
- Up-to-Date Administration
- High Quality Staff
- Safe Premises - Indoor and Outdoor
- Nutritious Healthy Meals and Snacks

We are Committed to Delivering a Quality Service to all:

- Strive for Continuous Improvement in all that we do
- Promote Equality of Opportunity through our Internal and External Conduct
- Are Accountable for all Our Actions
- Give Value to all our Children & Parents

SPECIAL EDUCATIONAL NEEDS & DISABILITIES (SEN+D)

POLICY

Woodside Childrens Nursery is committed to making our setting inclusive and accessible to all children and to making sure that children are able to reach their full potential. All children have the right to the Early Years Foundation Stage and all staff have a duty to meet the needs of all the children attending the setting.

We have regard for the Special Educational Needs & Disabilities (SEN+D) Code of Practice (DfES 2001) and the Children and Family Act 2014 the early identification and assessment of children with special educational needs and/or disabilities. We have adopted the Early Years Education & Health Care Plan model as outlined in the SEN+D Code of Practice.

Definition of children with Special Educational Needs &/or Disabilities (SEN+D):

- A child has special educational needs if they have a learning difficulty which calls for special educational provision to be made for them
- A child has a learning difficulty if they:
 - Have a significantly greater difficulty in learning than the majority of children of the same age

Or

Have a disability, which prevents or hinders the child from making use of educational facilities of a kind generally provided for children of the same age in schools within the area of the local educational authority

Or

Are under five and fall within either of the two definitions above or would do if special educational provision was not made for that child. (Education Act 1996)

We aim to foster an environment where all children are:

- Seen as children first
- Fully accepted and involved in all activities
- Encouraged and enabled to be as independent as possible
- Respected when care is of a private nature

In order to meet the needs of all children, including those with SEN, we consider the following issues:

- Activities (planning and differentiating these)
- Staffing levels - making sure these are adequate to meet a child's needs

- Resources and equipment
- Challenging stereotypes and promoting positive attitudes amongst all children and staff
- Individual programs, monitoring of progress and record keeping

Woodside Childrens Nursery will endeavor to ensure that all children are treated with equal concern and respect and encouraged to take part in the activities that are provided. We will assess the specific needs of any child and take the relevant steps to adapt our facilities and activities to meet the needs of everyone.

Where a member of staff has concerns about the development of a child in one or more areas, this will be discussed with the child's parents/carers in order to decide on the best way to meet the child's current needs. If appropriate, an individual program may be set up for the child, which will be reviewed on a regular basis with parents.

Woodside Childrens Nursery will ensure that:

Parents will be given information of support services available to them and information will be displayed in the nursery's reception for parents to have access to, as outlined in the Childrens & Families Act 2014.

Parents are free to speak to Katie Wood the nursery's SENCo representative at any time they wish. The SENCo and the Childs key worker will liaise with parents, and suggest strategies/activities that parents may wish to continue with their child at home, and parents will also be able to make suggestions to them.

Woodside Childrens Nursery will treat any case in the strictest of confidence and will seek parents consent at all times unless there are concerns about Child Protection.

The nursery SENCo will try to liaise with schools and other settings to ensure a smooth transition wherever possible. If a parent wishes to make a complaint for any reason, they are able to follow the nursery's complaints procedure displayed in the nursery's reception or in the Nursery's Parents Handbook.

SUN PROTECTION POICY

Cancer Research UK are calling for Nurseries to have a sun protection policy to increase awareness of the dangers of exposure to the sun's rays. Our setting takes this very seriously as we recognise the children susceptibility of children to high temperate. Consent to apply a child's supplied sun cream is sought via a child's entry record.

Any child who arrives at the setting with signs of sun burn will be refused in accordance with our Exclusions Policy.

During the appropriate times of year Parents/Carers are required to:

- Apply sun cream to children prior to attending the setting.
- Supply their own labelled and in date sun cream.
 - Current advice (February 2019) is for sun cream to be a minimum of Factor 15 with UVA protection.

- Supply their child with a sun hat and appropriate clothing, e.g. a light cover up top.
 - Current advice (February 2019) is for light coloured clothes and a wide brimmed hat.
- Make staff aware if their consent for their child to have their own sun cream applied by staff has changed, such a change will need to be confirmed in writing prior to the parent/carer leaving their child at the setting.

We ask that children do not bring in sunglasses as they get broken and can be the cause of disagreements over sharing.

Staff will:

- Refuse to accept a child if they have not had sun cream applied by a parent/carer prior to leaving the setting.
- Refuse to accept a child if they do not arrive with a sun hat and /or appropriate clothes to protect them from the sun.
- Assist children in re-applying sun cream to exposed skin only at lunch time and / or before going outside late morning/in the afternoon.
- Ensure children wear sun hats while outside.
- Encourage children to drink water frequently
- Be vigilant to children who show signs of sun burn, heat exhaustion, stress or sunstroke.
- Avoid going outside over the 11.00 am – 2.00 pm
- Encourage and plan activities that are under shade, particularly if outside during the 11-2 window.

Ensure that children do not take part in vigorous physical activity on days when the temperature is in excess of 30 degrees centigrade.

TRANSITION & “SETTLING IN” POLICY

In this policy the process of transition is viewed as a period of adaptation and describes the movement that takes place from Home to Nursery, from one age group room to another and pre-school children to Reception class at school from the Nursery, or changes in family circumstances.

Aims for the Policy

We want all our children to experience a smooth transition from the day they start at the Nursery to either move up through the age ranges or start later in their years at Holiday or Kids Club. Throughout their time we aim to give a high quality of learning to ensure that children continue to make good progress. We aim to work in partnership with parents/carers to settle the child into the group environment to ensure they feel safe, secure and comfortable with staff and their surroundings. We aim to give consideration to the individual needs of children and families and give confidence to parents, enabling them to feel comfortable that the needs of their child will be met.

All children need to feel secure about coming to the Nursery so we offer;

- Information will be provided to parents through a variety of media, including; setting brochure, parent notice board, policies and procedures, information sessions, website and individual meetings.
- Visiting times at convenient times for both children and parents/carers to look round the Nursery whilst operating
- Free ‘Taster Sessions’ to allow children to have a settling in period before their starting date to adjust to their new environment and allow time to discuss their routines
- The taster sessions will be used to introduce the possible key persons, complete registration forms, and introduce the child and parents/carers to the policies and procedures of the setting.
- A key person will be allocated to each child and the family prior to the child starting at the session (or after a period of the child settling in, depending on what meets the needs of the individual child).

- Parents will be invited to join their child for short taster sessions and then leave children for short taster sessions.
- On their first session children will be introduced to the staff members, to other children and shown around the rooms in the setting.
- Parents will be encouraged to say goodbye to their child, if the child and parent feel comfortable with this, and explain that they will be coming back at the end of the session.
- Children will be comforted and distracted if they become distressed.
- Staff will telephone parents/carers to advise how their child(ren) are settling during taster sessions, and equally Parents/Carers are invited to telephone the Nursery during taster sessions.
- Regular discussion will take place with parents around their child's progress and how their child is settling in. These will be based on relationships with staff and peers, participation in activities, familiarity with routines and the whereabouts of resources and equipment.
- Country to Country Transition with some language facilities are available with staff employed at the Nursery
- Jofli Bear with his suitcase and travel booklet can be taken home and you can write down his activities and what he does or does not like in order to overcome some fears a child may have
- Groups of children move rooms together in order for them to feel comfortable without facing new staff and routines on their own
- Transition forms are filled in as a child progresses from room to room, these identify specific needs for each individual child.
- Each child has a Learning Journey Diary in order for a key person or Reception Form Teacher to maintain and enhance their learning ability. The transfer of this information is vital, but confidential, so permission is sort by parent/carer in order for us to make a child's transition smooth and open
- Transition to school from Pre-School is encouraged and discussed regularly with storytelling and Louie the Puppet. He is a character involved throughout their Pre-School experience and continues his journey with them into school as a 'larger version' is in all Reception Classes throughout the county and will be there waiting for them when they attend School. About my school books are also used.
- Pre-School children are accompanied to sessions at school with their key person in order to maintain this transition from Nursery to School.

We recognise that some children settle more easily than others and strive to recognise and meet the needs of all children and families.

We aim to provide an environment in which volunteers, under the guidance of a skilled staff team, experience examples of quality practice. We will ensure the following:

- Volunteers and students under the age of 17 will not be counted in ratios and will be supervised at all times.
- Volunteers and students aged 17 and over who are undertaking a long term placement, may be included in ratios only when we are satisfied that they are competent enough to be unsupervised.
- An Informal interview will be conducted prior to acceptance of any voluntary service or student placement being undertaken.
- All Volunteers will be DBS checked through the setting before the voluntary service commences, reference requests will also be made.
- Volunteers and students will be required to complete a Disqualification Disclosure questionnaire.
- All students should be DBS checked through their college before commencing placement.
- We will ensure that students are confirmed by their tutor as being engaged in a childcare course which provides necessary background understanding of children's development and activities.
- Volunteers and students will receive an induction in line with the setting's induction policy with regular review sessions
- We recognize that the needs of the children are paramount and volunteers and students will not be included into ratio numbers if that hinders the essential work of the provision.
- We will provide the Volunteers and students with full information about the role and responsibilities within the setting during their time with us.

- We will ensure volunteers and students are known and introduced to parents / carers.
- We will provide volunteers and students with a full induction and a staff mentor.
- We will ensure all volunteers and students are supervised when required.
- We will ensure that any information gained by the volunteers and/or students about the children, families or other adults in the provision remains confidential in accordance with the confidentiality policy.
- We will ensure that students who are required to conduct child studies do not use photographs or use names of any children at the setting.
- Woodside will maintain all related records after the volunteer/student has ceased their time at the Nursery.

Volunteers and Students will be required to sign the relevant Agreement form.

WHISTLE BLOWING POLICY & GUIDANCE

Woodside Childrens Nursery is committed to the highest possible standards of openness, honesty and accountability. In line with the commitment that we encourage employees and others with serious concerns about any aspect of the settings operations to come forward and voice those concerns. It is recognised that certain cases will have to proceed on a confidential basis.

This policy document makes it clear that employees can do something without fear of reprisals. This Whistle Blowing Policy is intended to encourage and enable parents, carers and employees to raise serious concerns within the setting rather than overlooking a problem or blowing the whistle outside.

Parents/Carers and Staff have the right and individual responsibility to raise any matters of concern regarding poor practice at work. Staff are responsible for safety and well being of all children attending the setting and this is priority over loyalty towards colleagues.

General principles

The policy is intended to;

- Encourage and enable individuals to raise genuine and legitimate concerns
- Support staff to take an active role in the elimination of poor practice
- Ensure concerns are appropriately investigated
- Protect those making the complaint from victimisation or retaliation

In addition to the whistle blowing policy, the setting has other policies and procedures covering discipline, grievance and complaints. This policy is intended to complement these, and to cover concerns that fall outside the scope of other procedures.

The management will investigate, promptly and thoroughly, all concerns raised in accordance with this policy, and will take appropriate action.

Confidentiality

The management will do its best to protect a person's identity when a concern is raised, however in some circumstances identities will have to be revealed to the person complained against and the complainant may be asked to provide written or verbal evidence in support of their complaint.

If a person's identity is to be disclosed, he or she will be told before the disclosure and the reasons why the disclosure is necessary.

Having raised the concerns the management will expect the complainant not to talk about it to any other person, inside or outside the setting.

Anonymous complaints

Concerns expressed anonymously, are much less powerful and harder to investigate, however they may be considered.

Untrue Allegations

If an allegation is made in good faith but it is not confirmed by the investigation, no action will be taken against the complainant. If, however, an allegation proves to be malicious, action may be taken against the person responsible for the malicious act.

How to raise a concern

Staff should, in the first instance; raise any concerns with their immediate line manager. However this may not always be appropriate, in which case concerns should be raised with the management.

Parents/Carers should raise their concerns in writing. You are invited to set out the background and history of the concern giving names, dates and places where possible, and the reason why you are particularly concerned. The earlier you express your concerns the easier it is to take action. If you do not wish to put the allegations in writing, the person to whom you are making the complaint will make a written record of the interview and will ask you to sign to confirm accuracy of the notes taken.

Although you will not be expected to prove the truth about your allegations, you will be required to demonstrate that there are sufficient grounds for your concern.

You should NOT:

- Investigate the matter yourself
- Alert those suspected of being involved
- Approach or accuse individuals
- Tell anyone other than the designated persons (i.e. management/committee)

Within a week of the receipt of your concern, you will receive a written acknowledgment of your concern, with a copy of your statement where appropriate.

The management will investigate your concern and within 2 weeks you will be informed of what action is being taken and will be kept up to date on the progress of the investigation. You will also be informed of the outcome of any investigation. If you are not satisfied with the outcome of the investigation, you may elevate your concerns directly to the Birth to Five Service or to Ofsted.

Employees are asked to note that if an item raised requires investigation from any external agencies, for example a Safeguarding concern, the process may then take longer than the timescales stated; in such cases periodic updates, the frequency of which will be determined on a case-by-case basis, will be given to the person raising the concern including information of how and when to expect updates.
